

Together We Shine with Grace, Grit, and Gratitude!

The Synergy Strong Scholarship Fund is a collaboration focused on providing as many women as possible with the opportunity to participate in, and grow from, our women's empowerment and resilience coaching programs.

In an unconditionally accepting environment, together we meet to give and receive Inspiration, Motivation, Education, Synergy of soul-friendships, Professional Heart-centered networking, and to support each other as we learn to create Balanced Success.

Synergy Soul-Sister Motto:

Each one, BE "ONE."
Each one, Reach one.
Each one, Teach one.

Each sister, BE a sister.
Each sister, Reach a sister.
Each sister, Teach a sister

Each one, BE "ONE", Reach One, Teach one,
& then Repeat...
Until all sisters Rise!

Because WE were born to F.L.Y!

When you're **Connected** to your purpose, **Inspired** by a mighty mission; and providing high **Service** to others (while caring for you, too!) some amazing things start to happen.

You start to really, truly see yourself as a worthy, loving, beautiful soul living in a human body. You discover your personal power, and use it wisely to create balanced success and more happiness in your life. You wake up energized, grateful for your life and the tribe of soul-sisters cheering you on.

Synergy programs offer heart-centered women just like you the essential life skills necessary to first F.L.Y. and then Soar in work and life.

Is this the year to allow yourself to receive the support you may have been resisting until now? If so, I invite you on an empowering group quest for emotional freedom through self-leadership.

Here's how it works - Simply email your completed application to: Christina Kunkle: info@synergylifeandwellnesscoaching.com **before January 18th, 2019.**

My Board of Directors and I will meet to consider how we can best support you, then will get in touch with you to suggest a win-win opportunity.

1. If you could have one problem magically solved in your life, what would it be?

*What would being free from this problem allow you to be, do, or have?

2. What draws you to this program? To my work? To me?

3. Where do you get your energy from? When depleted, what revives you?

4. What kind of investments have you made in yourself?
Personal development books, therapy, coaching, courses, healers, etc.

*Were those investments a good experience? Why or why not?

5. If you are awarded a partial scholarship, are you prepared to invest your resources and attention to grow through this program? (+15 minutes a day to put what you're learning into practice.)

*Yes- knowledge is *power*—but we can only become *empowered* through inspired, practical action. We integrate new concepts easier when we teach others—so we look for ways to **BE** a sister, **Reach** a sister, and **Teach** a sister. Together everyone rises. (perfection not required!)☺

6. List **3 personal or professional goals** you would like to work on in the next 6-12 months with results for each. Keep these realistic but a bit of a stretch for you.

- 1.

- 2.

- 3.

7. On a scale of **1 - 10** how much do you **REALLY WANT** the completion of the goals you listed above?

8. What do you believe is holding you back or slowing your progress (Low energy, lack of support system, time management, stress, cash flow, confidence in self).

9. Optional Free-Writing Bonus Question:

What else, if anything, would you like for us to know about you?

Anything Else?
